The normal, maximum work week will be forty (40) hours per week. The Town will pay time and a half for hours actually worked in excess of forty (40) in a given week for non-exempt employees. Overtime hours must be approved by the employee's supervisor and should be approved in advance insofar as possible.

Salaried employees, exempt from overtime, will accomplish the work assigned to their position regardless of hours, within reasonable limits.

It is the employee's, and his/her supervisor's, responsibility to verify and sign their time sheets weekly.

OVERTIME/COMPENSATORY TIME

Occasionally, it may be necessary to ask employees to work beyond the maximum hourly work week. If employees are asked by an appropriately authorized individual to work in excess of 40 hours regardless of the day or time, then compensation will be at the rate of time and one-half for those hours worked over 40 in the work week (Sunday through Saturday).

Overtime is paid only to hourly employees such as secretarial, clerical, and research assistant staff.

Salaried staff members are expected to work extra hours as necessary to accomplish the overall objectives of their areas of responsibility which may exceed 40 hours per week.

Compensatory time may be granted in lieu of overtime pay with the written approval of the Department Head and the Administrative Assistant. Compensatory time only applies to hourly-paid employees. Salaried employees are not eligible except in unusual circumstances which must be approved in advance with the Selectmen.

Wages

Wage adjustments shall be effective January 1 of each year, but shall not be paid to an employee until (1) annual budgets have been approved by Town meeting and (2) the Board of Selectmen votes to authorize the increase. A wage or salary adjustment may occur during the year, upon approval of the Board of Selectmen, for reasons such as a significant change in job responsibilities or successful completion of a probationary period.

MAINE STATE RETIREMENT SYSTEM

The Town of Harpswell is a participant in the Maine State Retirement System (MSRS) and all employees and elected officials are eligible for membership. Employee contribution (6.5%) is optional and contribution will be made by payroll deduction. The Town's contribution is set annually by the MSRS. Effective 3/14/98, this benefit is no longer available to Town employees. Those already in the plan may continue under the same terms or may terminate and join the Deferred Compensation Plan.

DEFERRED COMPENSATION PLAN

A Deferred Compensation Plan ("Plan") has been established by the Town of Harpswell (Town) to provide retirement benefits for its employees. The implementation date of the Plan is April 1, 1998 and shall be the only retirement Plan offered to newly-hired employees. Employee contributions may begin on the first day of employment, and employees may contribute up to 25% of their annual base compensation. Contributions to the Plan by the Town for eligible employees shall begin upon completion of six months of service. The Town will then contribute an amount equal to employee's contribution up to a maximum of 6% per year of their annual salary. Contributions are not retroactive. Employees shall receive a contribution from the Town for only one retirement plan. Travel stipends are not considered salary.

The Plan has been approved by the Internal Revenue Service. Amounts contributed to the Plan by the Town are sheltered from tax so long as participants remain in the Plan. The Plan is fully vested meaning that employees will not forfeit any portion of the total monies contributed by them or on their behalf in case of employment termination. In case of termination, monies will be distributed in accordance with the Plan's terms.

The Plan is administered by the International City Management Association (ICMA) as trustee and is monitored by an Administrative Committee on behalf of the Town. Additional information on the Plan is provided to each individual upon acceptance of employment including request to designate employee's beneficiary. Each eligible employee shall be covered for short-term disability benefits at the rate of 60% of employee's regular salary. This benefit is payable, up to a maximum of nine (9) weeks, as long as an employee is under the care of a physician who certifies that employee is not able to return to work. The Town reserves the right to request a second medical opinion. No sick leave or vacation credits accrue while an employee is receiving extended short-term disability benefits.

Benefits begin the day after the elimination period is completed. The elimination period for short-term disability benefits shall be the later of:

- A. 30 days after the date disability occurs due to an injury or sickness.

An employee absent for illness or disability should notify the Administrative Assistant as early as possible on the first day of absence and shall keep that office informed as to probable length of absence. Benefits are payable only for actual illness or non-work related disability preventing attendance at work and not resulting from misconduct. In every instance of extended disability (over three days), the attendance of a physician and evidence thereof may be requested.

LEAVES OF ABSENCE

- A. Bereavement Leave.** An employee may be excused from work for up to three (3) work days because of death in his/her immediate family, as outlined below, and shall be paid his/her regular rate of pay for the scheduled work hours missed. It is intended that this time off be used for the purpose of handling necessary arrangements and attendance at the funeral.

For purposes of this article only, immediate family is defined to mean spouse, parents, children, brothers, sisters, mother-in-law, father-in-law, grandfather, grandmother, grandchildren or other household members.

One (1) work day may be granted to employees at the sole discretion of the Board of Selectmen or their designee for attendance at funerals of persons not covered under the above definition.

- B. Leave Without Pay.** A full-time employee may be granted a leave of absence without pay by the Board of Selectmen, after consultation with the employee's supervisor, for a period necessary for the purpose of the leave, but not to exceed sixty (60) calendar days. The employee is expected to return to work upon the expiration of a granted leave or to have arranged an extension of a leave, not to exceed thirty (30) days, granted at the discretion of the Board of Selectmen. Continued absence without having arranged for an extension of leave may be deemed a resignation from the service. Employees may choose to continue insurance benefits for the duration of the leave by assuming the employer contribution. Vacation, sick leave and other benefits will not accrue during the leave.

JURY DUTY

The Town shall pay to an employee called for jury duty the difference between his/her regular pay and juror's pay provided the employee presents an official statement of jury pay received.

HAZARDOUS WEATHER

Unless otherwise notified prior to the normal office hours, Town offices will be open for work. Any employee choosing to be absent at his/her own discretion may use vacation time accrued or be on leave without pay. Each employee bears the responsibility of where he/she lives in relation to the office location.

When the weather is judged to be too hazardous for travel, employees will be notified not to come in to work or the office will be officially closed at the direction of the Selectmen or their delegate so employees may go home early with no loss of salary and/or leave time. Only employees scheduled to work on such days shall be eligible for pay. (Employees scheduled for leave—vacation, sick or other—or on leave status are not eligible). Employees leaving before this time may use accrued vacation leave or be on leave without pay.

YOUR RIGHTS UNDER THE FAMILY AND MEDICAL LEAVE ACT OR 1993

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons. Employees are eligible if they have worked for a covered employer for at least one year, and for 1,250 hours over the previous 12 months, and if there are at least 50 employees within 75 miles.

REASONS FOR TAKING LEAVE: Unpaid leave must be granted for any of the following reasons:

- To care for the employee's child after birth, or placement for adoption or foster care;
- To care for the employee's spouse, son or daughter, or parent, who has a serious health condition;
- For a serious health condition that makes the employee unable to perform the employee's job;

At the employee's or employer's option, certain kinds of *paid* leave maybe substituted for unpaid leave.

ADVANCE NOTICE AND MEDICAL CERTIFICATION: The employee may be required to provide advance leave notice and medical certification. Taking leave may be denied if requirements are not met.

- The employee ordinarily must provide 30 days advance notice when the leave is "foreseeable" .
- An employer, may require medical certification to support a request for leave because of a serious health condition, and may require second or third opinions (at the employer's expense) and a fitness for duty report to return to work.

JOB BENEFITS AND PROTECTION:

- For the duration of FMLA leave, the employer must maintain the employee's health coverage under any "group health plan".
- Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.
- The use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee's leave.

UNLAWFUL ACTS BY EMPLOYERS" FMLA makes it unlawful for any employee to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

ENFORCEMENT:

- The U.S. Department of Labor is authorized to investigate and resolve complaints of violations.
- An eligible employee may bring a civil action against an employer for violations.

FMLA does not affect any Federal or State law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.

FOR ADDITIONAL INFORMATION: Contact the nearest office of the Wage and Hour Division listed in most telephones directories under U.s. Government, Department of Labor.

DISCIPLINE

The Board of Selectmen may demote, suspend or dismiss any employee when it has been determined to be in the best interest of the Town. The employee's supervisor and/or the Town's Administrative Assistant will specify in writing to the employee the cause of any disciplinary action and the recommended action prior to the discipline taking effect.

Disciplinary action may call for any of Four Steps – verbal warning, written warning, suspension (with or without pay) or termination. Each of the steps will be documented and are appealable. There may be circumstances when, due to the severity of the infraction, one or more of the above steps are bypassed.

The Town recognizes that by using progressive discipline most employee problems can be corrected at an early stage, thereby benefiting both the employee and the Town. However, the Town also recognizes that certain problems will be severe enough to justify suspension or termination without going through the usual progressive steps.

The employee has the right of appeal to the Board of Selectmen, if requested in writing within three (3) working days. The Board of Selectmen will hold a hearing no later than their next scheduled meeting and will return a decision no later than the next regularly scheduled meeting following the appeal hearing.

The Town's Administrative Assistant may suspend with pay, for a period not to exceed fifteen (15) working days, any employee whose continued presence at work may be a threat to persons or property, whose presence might hinder the investigation of misconduct or be a detriment to the conduct of Town business. This action must be confirmed by the Selectmen within two (2) business days and a report must be placed in employee's file thereupon.

GRIEVANCE PROCEDURE

Should an employee feel aggrieved concerning the effect, interpretation, meaning or application by the Board of Selectmen of any provision of the Town's rules, regulations, policies and/or terms of employment, the following steps will be utilized to resolve the dispute.

- A. The employee will orally discuss the dispute with his/her supervisor.
- B. If an agreement is not reached, the employee may, within three (3) working days of the initial oral discussion, file a written complaint with the Town's Administrative Assistant who must return a formal, written decision within three (3) working days.
- C. The decision of the Town's Administrative Assistant may be appealed, within three (3) working days, to the Board of Selectmen who will hold an appeal hearing at their next regularly scheduled meeting, and will return a formal decision no later than their next regularly scheduled meeting following the appeal hearing.

EMPLOYMENT SEPARATION

Separation is any action taken which ends the working relationship between an employee and the Town of Harpswell (Town). Resignation is a separation initiated by the employee. Termination is separation initiated by the Town and may result from, but is not limited to, any of the following:

- A. Reduction in work volume and/or funding.
- B. Failure to meet required work standards.
- C. Inability to maintain proper working relationships.
- D. Conduct prejudicial to the interests of the Town.

A decision to terminate the employment of a staff member is made by the Selectmen after discussion with an employee's immediate supervisor and the employee. The final decision relative to termination is, however, the sole responsibility of the Selectmen, and they will authorize termination letters.

Any employee whose performance is judged unsatisfactory will be notified in writing of the nature of the deficiency. If improvement is not forthcoming within a four-week period, employment may be terminated without additional notice. In other instances when it is necessary to terminate employment, not for cause, staff members will be given one month's notice contingent on the availability of funds. In lieu of notice, pay may be given at the Town's option. Similar notice is expected from all Town employees in cases of resignation, unless specifically waived by the Selectmen. If employment is less than six months, only two weeks' notice will be required.

Amended by the Board of Selectmen September 23, 2010

Policies and Procedures regarding Cash Receipts

Cash is received by a number of individuals at the Town offices, as well as at both the Transfer Station and at the Recycling Center. The individuals at the Town office are the Bookkeeper, the Receptionist and substitute Receptionists, the Town clerk and her deputy, the Tax Collector and her deputy, the Office Assistant (who prepares the deposit for the Recycling Center and Transfer Station) and on a limited basis by the Codes Enforcement Assistant. The staff of the Transfer Station and the Recycling Center also handle cash receipts.

These procedures apply to all persons who prepare deposits.

It is the Town's policy to deposit cash receipts on the same day that they are received, with the exception of days when the Town offices are open until 6:30 p.m. (currently Thursday). Amounts received on those days will be held in the Town's vault overnight and deposited as soon as is practical the next day. On the Thursday immediately preceding a Tax Due date, reasonable effort will be made to use the overnight depository. Other exceptions to this policy include Saturday and holiday receipts at the Transfer Station and Universal Waste receipts which are the subject of a separate policy.

The deposits of the day's receipts must be made intact which means that the cash and check components of the deposit must reflect exactly the cash and check received.

The amount of the deposit is equal to the contents of the cash drawer less the amount of the change fund issued to that person.

Once the amount of the deposit is determined, it must be reconciled to the totals on the computer generated receipts journals, except for the receipts of the Transfer Station and Universal Waste fees which are reconciled to the manual pre-numbered receipts. Each cash handler reconciles their own deposit.

Any difference between the amount of the deposit and the recorded amount should be investigated. Any unresolved difference must be reported to the bookkeeper promptly.

At no time should a shortage be made up with employee funds and no overage should be set aside for future resolution. If an overage exists, it must be included in the day's deposit.

These procedures apply to all persons who handle cash receipts.

The issuance of Treasurer's or Tax Receipts is a key control. Treasurers or Tax Receipts should be generated at the time of the transaction. Transactions should not be set aside for batch recording. The only current exception to the immediate generation of a Treasurer's Receipt is in the Town Clerk's office where 2 people could be receiving monies, but only one can access the computer. In these instances, the second receipt should be entered into the computer as soon as the computer becomes available. At the Transfer Station, the use of pre-numbered weigh slips is the key control. These slips should be used in sequential order and a copy of the day's slips should be submitted to the Office Assistant with the day's deposit. Sales of Reclaim are documented on these same weigh slips but submitted on a separate day sheet. Universal Waste receipts received at the Transfer Station are documented on a separately sequenced receipt book.

In entering the cash receipt, the cash handler must use their own initials. All checks should be immediately endorsed using the cash handler's stamp.

No personal checks are to be cashed. No checks are to be accepted in amounts greater than that of the transaction.

No monies should be taken from the change fund for any purpose other than to make change, except for the funds of the Receptionist which are used to reimburse petty cash vouchers.

Any exception to the above procedures must be authorized in writing by the Town Administrator, the acting Administrator or the Treasurer.

The above procedures were written by the Town Treasurer and established by the Town Administrator in May 2006. They were modified in June 2006. These modifications which relate solely to the Transfer Station are underlined.

Amended (effective September 21, 2006) by the Town Treasurer and established as policy by the Town Administrator on September 14, 2006.

Revision adopted by the Board of Selectmen June 25, 2009

PURCHASING POLICIES
Effective June 14, 1998
Amended March 29, 2007 by the Board of Selectmen

Authorization for purchase of ALL supplies, services, furniture, equipment, books and subscriptions to be paid by the Town of Harpswell must be obtained BEFORE a commitment to purchase is made. Contractors and subcontractors, operating under a duly-authorized, current Town contract are excepted.

All purchase requests must be submitted to the Town's Administrator or specified delegate—NEVER directly to the company. If you order without an approved Purchase Requisition, you will be liable for payment. Purchase Order Requisition Form, Exhibit 1, must be filled out for any item or service to be purchased. This form must be signed by the person requesting the purchase, countersigned by a Department Head or Committee Chair, and give to the Administrator.

A Purchase Order, Exhibit 2, will be authorized—if purchase is determined to be appropriate and funds are available—and issued by Administrator's office. The Administrator will secure Selectmen's authorization as needed. A copy of the Purchase Order will be forwarded to the supplier, a copy will be given immediately to the requesting party and the third copy shall be kept by the Receiving/Billing Agent and attached to the bill when received.

Procurement of all items will be accomplished in the most expeditious manner that will provide necessary materials to accomplish the objectives of Town's activities in a timely manner. Supply sources will be explored to obtain best price. All reasonable methods shall be used including bids for lease versus purchase arrangements and sole source contracts. Town may require a supplier to enter into a contractual agreement.

SUPPLIES

Consumables with a unit cost of under \$1,000 shall be considered supplies. They may be approved by the Administrator.

Keeping enough supplies on hand is a difficult and time-consuming job. You can help by letting the person in charge of supplies know when you have taken the last one of an item or if you notice that stock on a particular article is low. If your Department needs supplies in large quantities, fill out a Requisition Form listing what is required, when needed and give to the Administrator.

FURNITURE, FIXTURES AND INVENTORY

All items with a unit cost of \$1,000 or more require the approval of the Selectmen prior to purchase. This approval shall be secured by the Administrator after an appropriately signed Purchase Requisition has been received.

All items which may be insured individually regardless of cost and all items with a unit cost of \$1,000 or more shall be placed on a Town property inventory list upon acquisition. This inventory is to be maintained by the Administrator's office and one copy shall be maintained outside of the Town Office. Each item must be appropriately numbered and labeled and shall be inventoried no less than annually by each Department or affiliated activity.

Fixed Asset Policy

This policy establishes the minimum cost value (capitalization amount) that shall be used to determine the capital assets, including infrastructure assets, that are to be recorded in the Town's annual financial statements in order to comply with the requirements of GASB Statement No. 34.

This policy also addresses other considerations for recording and depreciating fixed assets.

Capital Asset Definition:

Capital assets will be defined as tangible and intangible assets that have initial useful lives in excess of 1 year.

Capitalization Method:

All capital assets will be recorded at historical cost as of the date acquired or constructed. If historical cost information is not available, assets will be recorded at estimated historical cost derived as current replacement cost deflated by a price-level index.

Capitalization thresholds:

The Town establishes the following minimum capitalization thresholds for financial reporting purposes:

Land and improvements	\$2,500
Building and improvements	\$2,500
Machinery/equipment/vehicles	\$2,500
Infrastructure	\$25,000

Thresholds will be reviewed by the Board of Selectmen every 5 years to determine if they remain appropriate. Adjustment may be required to reflect the effects of inflation on asset prices or changes in the level of Town operations.

Infrastructure assets: (see Note 1)

The Town will record "major" infrastructure assets (as defined in Statement 34) that were acquired, constructed or significantly reconstructed, or that received significant improvements after June 30, 1980. Other infrastructure assets may be capitalized as deemed appropriate.

Other assets:

For purposes of accountability, detailed records shall be maintained for all items below the capitalization whose cost exceeds \$1,000.

Depreciation and useful life:

An estimated useful life will be assigned to all fixed assets whose costs exceed the capitalization thresholds, in most cases using the attached schedule of "Suggested Useful Lives". Asset lives will be adjusted as necessary depending on the present condition and use of the asset and based on how long the asset is expected to meet current service demands. Reasons for adjustments will be documented.

Capitalized amounts less the asset's expected salvage value will be depreciated using the straight line method and the half-year convention (in the years of acquisition and disposition).

Accountability for fixed assets:

Capitalization thresholds for financial reporting purposes are established as set forth above. To improve accountability for fixed assets, the Town will track its fixed asset purchases using a \$1,000 threshold. "Tracking" for this purpose means keeping a record of acquisition cost, date of acquisition, expected useful life, location of asset and whether such purchase represents the replacement of an existing asset. Periodically, but not more frequently than once a year, the existence of the assets listed in these tracking records will be verified.

Note 1. The Town is not required to adopt the infrastructure requirements of GASB 34 during 2004 and therefore this portion of the policy may be revisited at a later date.

Schedule of Suggested Useful Lives

<u>Asset Type</u>	<u>Examples</u>	<u>Depreciable Life (in years)</u>
Land Improvements	Ball field, landscaping	15
Buildings:		
Long-lived components	Foundations, frame, enclosure	50
Medium-lived components	Electrical, mechanical, roof	20
Short-lived components	Carpeting, appliances	5
Building Improvements		20
Vehicles		10
Equipment		10
Infrastructure	Roads	50
	<i>Dry Hydrants</i>	<i>20</i>

Proposed February 7, 2008 Revision *italicized*.

Policy for Use of MBNA Credit Card

The Town has a credit card issued by MBNA primarily for the purpose of accessing the Cumberland County Registry of Deeds online.

The credit card may be used by the Assessing, Codes Enforcement, Tax Collector's and Treasurer's offices and for those purposes where previously a request of the Registry was made by telephone or a search was performed at the Registry itself.

It is expected that Assessing and Codes will use the card to download property deeds on an occasional basis in connection with new subdivisions, property transfers or problems with existing deeds (Assessing) and building permits (Codes). The Tax Collector and Treasurer will use the card to perform searches for mortgagors in connection with the filing of tax lien mortgage certificates and notices of impending automatic foreclosure.

Each search costs \$.50 and the viewing of each document costs \$.25. In the event that any office undertakes a project expected to incur more than \$10 in fees, the Town Administrator must be notified of the nature of the project in advance.

Searches will only be conducted by the Town staff for the Town's benefit. Deed research for individuals should not be performed. Assessing and Codes may provide copies of deed at the appropriate charge to property owners.

The Treasurer receives an e-mail from the manager of the Registry of Deeds website each time the credit card is charged and therefore will be responsible for monitoring the usage of the credit card.

Effective September 4, 2008, the credit card may also be used for certain purchases, that have been pre-approved by the Town Administrator, not to exceed \$1,000, where the vendor will not accept a purchase order and the purchase is needed in a timely fashion. An annual list will be maintained and submitted to the Board regularly, at least annually.

Adopted by the Board of Selectmen Thursday, July 6, 2006.

Revised policy adopted by the Board of Selectmen September 4, 2008.

CREDIT CARD FEE REFUND POLICY

The Town may accept in-person payments using VISA, MasterCard and American Express. These payments will be processed by InforMe using the State of Maine's merchant account. InforMe will assess a fee for these payments to the cardholder on a per item basis. In the event a cardholder requests a refund of a payment made by credit card, the Town may at its discretion refund the payment of the item itself, however, it is the policy of the Town not to refund the fee charged by InforMe, except in instances where a representative of the Town made a clear error.

Adopted by the Board of Selectmen October 15, 2009

Contingency Policy

Adopted by the Board of Selectmen February 22, 2007

Amended by the Board of Selectmen February 5, 2009

The Town should maintain a contingency account in the event that certain expenditures may exceed appropriated amounts due to special or unforeseen circumstances. Such an account should be maintained at a level that is determined by the five-year average of the historical experience of the contingency account multiplied by a certain factor which allows for future needs outside the historical norm. The year end balance in the contingency account should be increased only to the extent that the balance does not correlate with the Town's historical experience.

The Board of Selectmen by majority vote may cover an overage of a warrant article appropriation from the contingency reserve account. The Board at its discretion may seek an advisory recommendation from the Budget Advisory Committee whenever such overage of a given warrant article exceeds or is expected to exceed \$5,000.

Note: The 2006 Budget Advisory Committee recommends using a factor of 125%.

Recycling Center & Transfer Station Material Removal Policy

Removal of certain materials from the Recycling Center & Transfer Station by Harpswell residents and employees is permitted. Prior to removing any material, residents and employees must obtain permission from the Recycling Center & Transfer Station manager or manager designee. After permission is granted, the manager or designee will record the following information on the Material Removal Log: name, date, material removed and where the material is being removed from, i.e., Recycling Center or Transfer Station. No material, which the Town could otherwise sell, may be removed including but not limited to aluminum, brass, copper, or stainless steel.

Interest Policy on Transfer Station Charges

The Town of Harpswell assesses interest on unpaid balances at the Transfer Station. Interest will be charged at the same rate that is charged on delinquent property taxes (see note) and will be assessed retroactively to the billing date if unpaid by the subsequent month billing cycle.

Note: Interest rate is currently 8% until September 15, 2010 at which time it will decrease to 6%.

The Town reserves the right to pursue in small claims court charges which have not been paid for more than six months once notice of such intention is provided to the delinquent user.

Approved by the Board of Selectmen April 26, 2007

Revised by the Board of Selectmen June 3, 2010

POLICY TO ACCEPT ADVANCE PAYMENT OF MOORING REGISTRATION FEES

Adopted by the Board of Selectmen on September 20, 2007

The Town shall accept non-refundable advance payment of mooring registration fees for the following calendar year as a convenience to its mooring holders. The Town's acceptance of advance payment does not eliminate the mooring holder's obligation to pay any registration fee increase adopted subsequent to the payment but relating to the following calendar year. In the event of a registration fee increase, the mooring holder is responsible for payment of the additional amount by May 1 or otherwise is subject to a penalty payment.

Policy re: Special Revenue Fund for Recreation Adopted by Board of Selectmen on March 29, 2007

Introduction: Since the Town has authorized recreation revenues to be dedicated for recreation programs (including operational and maintenance costs associated with Trufant-Summerton Field), it maintains a Special Revenue Account for Recreation. Such account is the result of surpluses accumulated over time.

General Operation: While it is the objective to operate recreational programs and Trufant-Summerton Field in a manner as revenue neutral as possible, it is recognized that total expenditures may exceed total revenues in any given year. In the event that this occurs, the Special Revenue Reserve Account will decrease. In a year when total revenues exceed total expenditures, the Special Revenue Account will increase.

These increases and decreases occur on a program by program basis and in the aggregate. The Town's general ledger system includes the Special Revenue Account in fund balance in the aggregate and internal worksheets are maintained which account for the Special Revenue Account by program. These worksheets contain information necessary for the successful management of the Recreation programs.

Special Authorization: In addition to the Special Revenue Account for Recreation functioning as described above, the Board of Selectmen may authorize the use of these Special Revenue funds for the following recreational purposes: (1) capital items; (2) special equipment; and (3) specific identified operational expenses. Such funding requests shall be initiated by the Recreation Director after consultation with the Recreation Committee. The intent of the Special Authorization is to ensure that funds collected for recreation purposes are expended for recreation purposes.

Investment Policy

1. The Town of Harpswell hereby establishes this Investment Policy to ensure that the Town's funds are invested in a manner which in general provides safety, liquidity and return and is in conformance with applicable regulations.
2. This investment policy shall apply to all cash, cash equivalents and investments of the Town of Harpswell.
3. The Town's investment activity shall be governed by all applicable state and federal laws and regulations concerning the investment of public funds. The Town will look to professional consultants for counsel to ensure that any policy adopted conforms fully to such laws and regulations.
4. The Town's investment portfolio will be managed in a manner that seeks to attain a market rate of return considered reasonable under generally accepted market principles, throughout budgetary and economic cycles, while preserving and protecting Town capital in the overall portfolio, thus affording prudent use of public funds and preservation of the public trust.
5. The principal objectives of the Town's investment activities, stated in the order of their importance, shall be as follows:

A. Safety of principal.

Safety of principal is the foremost objective of the Town investment program. Investments of the Town shall be undertaken in a manner that seeks to ensure preservation of capital.

An investment will be deemed to be safe if it can meet its maturity without jeopardizing cash flow objectives. No investment will be deemed safe if there is a reasonable chance it may have to be liquidated, for any reason that was foreseeable at the time of the investment, at a loss of principal.

It is recognized and not in contradiction with this policy that the Town may on occasion realize a loss of principal on an investment when premature liquidation is necessary to meet an unforeseen demand on Town resources.

The objective will be to minimize credit risk and interest rate risk.

i. Credit Risk (Custodial Credit Risk and Concentration Credit Risk)

a. The Town will minimize Custodial Credit Risk, which is the risk of loss due to the failure of the security issuer or backer, by limiting investments to the types of securities listed in Section 9 of this Investment Policy; and by pre-qualifying the financial institutions, broker/dealers, intermediaries and advisors with which the Town will do business.

b. The Town will minimize Concentration of Credit Risk, which is the risk of loss attributed to the magnitude of the Town's investment in a single type of investment or in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

1. Not more than 20% of the total amount of the Town funds available for investment will be invested in any single type of investment.

2. The Town will not hold more than 10% of the total investments in any single investment, unless in the opinion of the Board of Selectmen conditions warrant otherwise.

3. Provisions of this section shall not apply to:

- (1) investments in U.S. Government obligations
- (2) certificates of deposit that are fully insured by the Federal Deposit Insurance Corporation
- (3) cash balances held at depository banks which are fully collateralized either by insurance or by letters of credit from a federal agency.

ii. Interest Rate Risk

The Town will minimize Interest Rate Risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by: structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the Town's cash requirements.

B. Liquidity of Funds.

The Town investment portfolio will remain sufficiently liquid to enable the Town to meet daily and projected cash flow demands, as well as all operating requirements.

To the extent possible, the Town shall attempt to match its investments with anticipated cash flow requirements. Unless matched to a specifically recognized and identified future cash flow need, the Town will not invest in securities maturing more than 2 years from the date of purchase.

C. Rate of return on investment

The Town's investment portfolio will be designed with the objective of attaining a market rate of return considered reasonable under generally accepted market principles, throughout budgetary and economic cycles, taking into account constraints on Town investment risk and the cash flow characteristics of the portfolio.

D. Diversification

The potential for market change and other conditions introduce the element of risk to investment of all types. Portfolio diversification is traditionally employed as a means to control risk. The Treasurer shall exercise prudence in the selection of securities as a means to minimize risk of loss.

6. Standard of Prudence

Investments shall be made with judgment and care, under circumstances then prevailing, which a person of prudence, intelligence and discretion might exercise in the management of his/her own affairs, not for speculation but for investment, with due consideration taken of the probable safety of capital as well as the probable income to be derived.

7. Ethics and Conflict of Interest

A. Members of the Board of Selectmen, the Town Treasurer and staff members in positions of authority in the investment process shall refrain from personal business activity that may in fact or appearance conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

B. Members of the Board of Selectmen, the Town Treasurer, staff members and employees of external investment management firms, shall disclose any material financial interest in financial institutions under consideration, and shall further disclose any meaningful or significant personal financial and/or investment positions that could relate to performance of the Town's investment portfolio.

C. Members of the Board of Selectmen, the Town Treasurer and all staff are prohibited from participating in the decision to invest or withdraw Town funds in any instrument or institution in which he/she directly or indirectly has any material financial interest that might affect or be affected by the Town's investment, nor shall he/she accept any gift, free service, or payment of any kind for performing their duties under this policy.

8. Personal Responsibility

A. It is anticipated and expected that investment officials and/or advisors will act in good faith, with due diligence, that deviations from and exceptions to the investment policy will be reported in timely fashion and that appropriate action will be taken timely to control adverse developments.

B. Investment officials and/or advisors acting in such a manner, and in accordance with this investment policy, shall be relieved of personal responsibility for individual security performance and fluctuations in market price.

9. Authorized Investments.

Town funds may be invested in the following types of securities:

- Obligations of the U.S. government and its agencies

- Fully insured or collateralized certificates of deposit at commercial banks and savings and loan associations

- Repurchase agreements collateralized by U. S. Treasury securities, and accompanied by executed master repurchase agreements;

- Money market mutual funds whose portfolios consist of U.S. government securities or broadly diversified money market instruments whose purpose is to maintain a stable principal dollar value, and which invest exclusively in short- and intermediate-term investments;

10. Collateralization

A. Collateralization shall be required on two types of investments:

- Certificates of deposit, for amounts which exceed insurance

- Repurchase agreements

B. To anticipate market changes and provide the required security for all funds, the collateralization level will be 102% of market value of principal and accrued interest.

C. Collateral will in all instances be held by an independent third party with whom the financial institution has a current custodial agreement.

D. A clearly marked evidence of ownership must be supplied by the custodial entity to the financial institution and retained by it while the investment is in force.

11. Delegation of Authority

The Town Treasurer is responsible for the day-to-day management of the Town's funds consistent with the provisions of this policy. The Treasurer will obtain authorization from the Board of Selectmen before investing in any instrument other than fully collateralized bank deposits, including certificates of deposit.

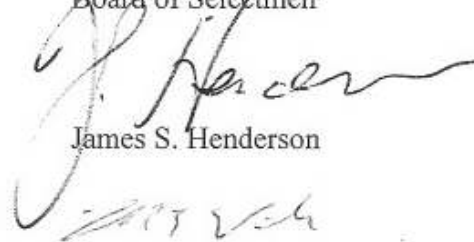

ADOPTED BY THE BOARD OF SELECTMEN MAY 28, 2009

ORDER OF MUNICIPAL OFFICERS
Pursuant to 36 M.R.S.A. § 906

IV. CONFIDENTIALITY AND PRESERVATION OF TOWN INFORMATION

VIII. DISCIPLINARY ACTION

It is the responsibility of all Department Heads to ensure that all Town Employees under their supervision, and all special Town Employee and contractor Town Employees who are associated with their Department, receive a copy of this Policy. Violations of this policy will lead to disciplinary action which may include dismissal, arrest, and prosecution.

Any person who makes substantial threats, exhibits threatening behavior, or engages in violent acts on Town property shall be removed from the premises as quickly as safety permits, and shall remain off Town premises pending the outcome of an investigation. The Town will initiate an appropriate response. This response may include, but is not limited to, suspension and/or termination of employment, and/or criminal prosecution of the person or persons involved.

All Town personnel are responsible for notifying the Town representative designated below of any threats which they have witnessed, received, or have been told that another person has witnessed or received. Even without an actual threat, personnel should also report any behavior they have witnessed which they regard as threatening or violent, when that behavior is job related or might be carried out on a Town-owned site, or is connected to Town employment. If the designated Town Representative is not available, personnel should report the threat to their supervisor or any Selectman.

All individuals who apply for or obtain a protective or restraining order which list any Town location as being a protected area, must provide to the designated Town Representative a copy of the petition and declarations used to seek the order, a copy of any temporary protective or restraining order which is granted, and a copy of any protective or restraining order which is made permanent.

SEXUAL HARASSMENT POLICY

It is the policy of Harpswell that all employees have the right to work in an environment free of discrimination, which includes freedom from sexual harassment. Harpswell will not accept any form of sexual harassment by supervisors, co-workers, customers or suppliers. This policy is intended to prohibit offensive conduct, either physical or verbal, that threatens human dignity and employee morale, and which interferes with a positive and productive work environment.

Sexual harassment is illegal and, as outlined in the EEOC Sexual Discrimination Guidelines and the Maine Human Rights Act, includes:

- Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when (i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment, (ii) submission to or rejection of such by an individual is used as the basis for employment decisions affecting such individual, (iii) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

The following examples are common types of conduct that may constitute sexual harassment:

- slurs, jokes or degrading comments of a sexual nature
- unwelcome sexual advances
- suggestive or lewd remarks
- unwelcome hugging, touching or kissing
- requests for sexual favors
- repeated offensive sexual flirtation or propositions
- the display of sexually suggestive pictures or objects
- repeated unwelcome physical contact or touching such as patting, pinching or constant brushing against another's body

Consistent with above guidelines, this policy prohibits any overt or subtle pressure for sexual favors including implying or threatening that an applicant's or employee's cooperation of a sexual nature (or lack thereof) will have any effect on the person's employment, job assignment, wage, promotion, or any other condition of employment or future job opportunities. This policy also prohibits any conduct which would tend to create an intimidating, hostile or offensive work environment.

Managers and supervisors are responsible for monitoring conduct which can be construed to be harassment and for initiating necessary action to eliminate such behavior. Any employee who feels that he or she is the victim of sexual harassment should immediately report the matter to his or her supervisor or, if the employee would prefer, to Selectmen.

Selectmen will immediately investigate any complaint of sexual harassment and, where warranted, take disciplinary action against any employee engaging in sexual harassment. Depending on the circumstance, such disciplinary action may include suspension or termination of employment.

Any questions regarding this policy should be addressed to the Selectmen. Any employee who believes that he or she has been a victim of sexual harassment, or who has knowledge of that kind of behavior, is urged to report such conduct immediately. Employees will be requested, but not required, to put their complaints in writing. No employee will be retaliated against for complaining about sexual harassment.

**Inspection Policy for
Field Workers in the Assessing Department**

- 1) Vehicle should be marked as Assessor with magnetic signs to identify that this is a Town vehicle and to alleviate calls from neighbor to Town Office or Police Department.
- 2) Photo Identification is to be displayed visibly when approaching any residence for inspection.
- 3) At time of inspection, if no one is present, leave a door hanger or other notice to inform the resident that you are from the Assessing Department and what you have done during the visit. Do your normal exterior inspection/measurement. This may alleviate some concern among neighbors.
- 4) If a person is present at time of inspection, identify yourself, why you are there, and ask them if you may inspect their home for assessment purposes. If they refuse you entry ask them if they would mind answering questions about the home or if they would rather schedule an appointment. If still refused, thank them and leave your card. (Document date and time of the refused visitation). As a follow-up send a letter to the owner/occupant requesting permission to do an inspection and also explaining that if they refuse to grant entry, estimates will have to be made and they run the risk of not being able to apply for an abatement at a later date. If you are not allowed on the property, do the best you can to obtain visual information. Review Code Enforcement Office files for any additional information about the property.
- 5) If no adults are present or if homeowner is uncomfortable with your visit, leave your card and ask that they have parents call or have the person reschedule for an appointment.
- 6) If you feel threatened or uneasy with a visit, leave your card if possible and ask to reschedule. Write down time of visit after leaving, anything that made you uneasy and ask that your supervisor or another inspector accompany you for any rescheduled appointment. Do usual estimate as before.
- 7) Never discuss town business or estimate current values of appraisal. Inform them that you are there only in the role of Assessor's Assistant and that they will later receive an estimate of valuation for any changes noted as a result of your visit.
- 8) If you arrive and the person scheduling the appointment or an appropriate representative is not present, wait 15 minutes and leave a door hanger or other notice. If two appointments are missed, a visual estimate will be done and notice sent to owner.

2. The 911 Addressing Officer reviews the three choices and selects the most appropriate name following the State of Maine guidelines and the Harpswell 911 Ordinance guidelines. Generally speaking, the road name choice selected would NOT be similar in name or sound to an existing road name and would NOT include a number in the name (such as Sky Lane One) and would NOT have special characters in the name (such as hyphens, apostrophes etc.)
3. The 911 Addressing Officer submits her recommendation to the Board of Selectmen for their review and final approval at a Selectmen's meeting.
4. If property owners are unable to submit road names that meet the above criteria, the Board of Selectmen will determine the name.
5. Renaming roads will ONLY be considered if The Board of Selectmen determines that there is a public safety concern.

Whereas tobacco use is the single most preventable cause of death and disease in the United States, as well as in the state of Maine; and

Whereas chewing tobacco contains many harmful chemicals and cancer-causing agents, and its use is associated with concerns of the mouth, gums, tongue, and throat; and

Whereas the purpose of the recreation program is to provide quality recreation and leisure experiences that enhance the quality of life of the citizens of Harpswell, including providing a safe environment for these experiences; and

Whereas the tobacco use and exposure to secondhand smoke are contrary to enhancing the quality of life and providing safe environments; and

Whereas the staff and coaches are important role models for the youth who participate in community recreation activities and whereas what coaches promote is respected and imitated by youth; and

Whereas the intent of this Policy is to create a tobacco-free environment for all residents and visitors in certain public areas of Harpswell;

Now therefore, be it resolved that the above-mentioned Town-owned properties are to be tobacco-free or tobacco restricted, including but not limited to cigarettes, cigars, and chewing tobacco.

Be it further resolved that:

- Neither tobacco free company sponsorship nor their resource will be accepted and participants and staff will be discouraged from wearing clothing or using gear that advertises tobacco products.
- Tobacco-free signage, provided at no expense by the Health Maine Partnership, will be posted in appropriate areas.

Upon finding a record that may result in an ineligible determination, Harpswell Recreation will contact the volunteer to make certain all information provided is accurate. Amended February 3, 2000
Amended September 27, 2001
Amended July 30, 2009
Amended May 6, 2010

The role of most committees is to advise the Selectmen of the Town. Their mandate is to make recommendations and to draft policies, if appropriate, for consideration and possible implementation by the Selectmen. Some committees have specific authority vested in them by Maine Statute and Harpswell ordinance such as the Board of Appeals, Planning Board and Conservation Commission. The following guidelines apply to all Town committees.

1. Committee members are appointed by the Selectmen as specified by law or ordinance, or at the discretion of the Selectmen. Appointments terminate on April 30.
2. Reasonable attendance at committee meetings is expected. Continued absence will result in replacement.
3. A quorum of a committee, required for a formal meeting, is a simple majority of all members.
4. The Selectmen may appoint the committee Chairman or authorize the committee to elect its own Chairman. When such election is not made, the Selectmen shall designate the Chairman. The committee may elect its Secretary.
5. Minutes of all committee meetings shall be filed with the Selectmen no later than five days after the committee meeting at which the minutes are accepted. Minutes are available for public review and should contain an account of all subjects discussed and any recommendations and votes taken or other actions.

7. Only committee members who have accepted appointments or re-appointments may vote. In case of a tie vote, the vote shall be considered negative.
8. Recommendations made to the Selectmen must be made by a majority of the committee, not a majority of the quorum. Committees may not make decisions on behalf of the Town except as specifically provided by Maine Statute or Harpswell ordinance.
9. The Selectmen should be consulted about any proposed media coverage. All documents issued by a committee to the media or to any agency, other than the Town, must first be cleared by the Selectmen. PUBLIC PARTICIPATION AT SELECTMEN'S MEETINGS

Meetings of the Harpswell Board of Selectmen are for the purpose of conducting Town affairs and are subject to the Maine Freedom of Access law and Harpswell's policy of freedom of access.

Subject to the adoption of the Agenda, each Selectmen's Meeting includes an opportunity for general public comment at the start of the meeting. Public comment may also be allowed prior to final action on individual agenda items. Public comment shall be limited to issues relative to Town business and/or matters that have or will come before the Board of Selectmen. Public comment relating to matters already decided by the Board may not be permitted, but the Chair may request that the item be placed on a subsequent Selectmen's Meeting. The Chair has full discretion to limit or structure public comments as needed to ensure the orderly conduct of the meeting. The Board asks all to voice their comments or concerns in a respectful manner.

Please note: It is neither the purpose nor the intent of Public Comment to provide an arena for the repeated airing of views on on-going controversial topics unless and until such time as a topic presents a question requiring immediate action or a decision by the Board of Selectmen, at which time the issue will be placed upon the agenda.

- To be eligible to address the Board, an individual should reside in the Town, be an employee of the Town, or be invited by the Board to speak. The Chair may grant permission for others to be heard.
- The Chair may grant permission to speak to individuals who are unable to be present during the scheduled public comment period, subject to the following conditions: That the individual is unable to be present at the scheduled public comment time due to an overriding obligation such as employment requirements or another obligation and provided that the individual notifies the Town Administrator or Deputy Administrator not later than one half-hour prior to the scheduled start of the meeting or one half-hour prior to the start of the administrative meeting, if one is scheduled. The Chair will determine the point on the agenda where such comment will be heard.
- Speakers must introduce themselves, giving their first and last names. It is also helpful if speakers indicate the part of Town they reside in.
- The Public Comment period is intended to be used for brief comments, questions and/or observations, generally not over five minutes. An additional comment period of up to 15 minutes per speaker may be made available at the end of the regular meeting.
- The Board Chair may limit the time allotted for comments, as well as the number of times each individual may speak
- If a large number of people wish to address the Board, the Chair may ask that they sign in. Representatives of groups should be appointed by the group, or may be appointed by the Chair to speak on behalf of the group if the group is unable to name one

Complaints about the way work has been carried out are appropriate. The Chair has the authority to stop any presentation that violates the Board's policy or the rights of others.
- Speakers should address all comments and questions to the Chair.
- Except in emergencies or for routine procedural matters, the Board will not decide questions raised during public comment until it has fully examined the matter and there has been an opportunity for research of the issue.

- Members of the Board and the Town Administrator may query those addressing the Board, but are expected to refrain from arguing or debating issues.
- No complaints or allegations concerning any Town official, staff member or individual shall be allowed at a public meeting. Such matters shall be referred to established resolution procedures.

TOWN OF HARPSWELL

DISPOSITION OF TAX ACQUIRED PROPERTY POLICY

Adopted March 12, 1998

Amended September 17, 2009

Article 1. General

- 1.1 The purpose of this policy is to establish procedures for the management, administration and disposition of real property acquired for non-payment of taxes by the Town of Harpswell. Nothing in this policy, however, shall limit or restrict the rights of the Board of Selectmen to manage or dispose of tax-acquired property in the best interests of the Town.

Article 2. Pre-Foreclosure Procedures regarding Liened Property

- 2.1 By statute, foreclosure of a tax lien mortgage occurs 18 months after the date of the filing of the tax lien certificate, provided that the assessed party and any other mortgage holder(s) have been notified of the impending foreclosure at least 30 days, but no more than 45 days, prior to the end of the 18 month redemption period. It is the Town's policy to attempt to contact assessed parties prior to the mailing of the notices of impending foreclosure by mail and/or telephone so as to increase the awareness of the assessed party as to the consequences of non-payment of taxes, interest and costs by the expiration of the redemption period. This contact may be made by the Treasurer or by another member of the Town staff.

Article 3. Management of Tax Acquired Property Pending Final Disposition

- 3.1 Following the foreclosure of the tax lien mortgage, the Treasurer, by certified mail return-receipt, shall notify the last known owner of record that his or her right to redeem the property has expired. The notification shall advise the last known owner of record that the property will be disposed of in accordance with this policy, a copy of which shall be included with the notification.
- 3.2 The Treasurer shall prepare a list of properties acquired and forward a copy to the Selectmen.
- 3.3 The responsibility for the management of tax-acquired property rests with the Selectmen. Pending the Selectmen's decision regarding the final disposition of property, they shall:
 - 3.3.1 determine because of potential liability inherent in owing the property whether the Town's best interest would be served by immediately disposing of the property.
 - 3.3.2 determine and obtain, if necessary, a level of insurance required to protect the Town's interest in the property and to protect the Town from liability.
 - 3.3.3 determine if and when any occupants of tax acquired property shall be required to vacate the property.

3.3.4 determine whether a rental fee should be charged to any occupants of the property. A rental fee shall not be imposed unless the Town has acquired sufficient liability insurance.

3.4 In the event the property is vacated for 60 consecutive days, the Selectmen shall obtain appropriate liability coverage for the property.

3.5 If, because of potential liability, the Selectmen determine it is in the Town's best interest to immediately dispose of the property, they may do so on terms it deems advisable without regard to any other provisions of this policy.

Article 4. Review of Tax-Acquired Properties

4.1 The Selectmen may also retain a property on a temporary basis if, in their judgment, the immediate sale would cause the occupants to be placed on public assistance or to become homeless.

4.2 Selectmen shall make the final determination regarding property disposition. The Selectmen shall also determine the conditions, if any, for property sales.

Article 5. Redemption and Sale Dates

5.1 The Selectmen may establish a final redemption date for the re-acquisition of the property by the prior owner and, if necessary, a sale date. The redemption date shall be at least fourteen (14) days prior to the sale date.

5.2 The Board of Selectmen may vote to allow the former owner(s) to repurchase the tax-acquired property. Except as otherwise provided in Article 5, the party from whom the property was acquired has until the final redemption date to redeem the property by paying all outstanding taxes, including estimated taxes for the current tax year if the conveyance is after April 1 and the exact amount of tax has not been determined, interest, lien costs and any other costs relating to the property including, but not limited to insurance, notice and advertising costs. The Town may also require the payment of any other delinquent taxes or obligations due the Town. It is not the Town's policy to enter into land purchase installment contracts with the party from whom the property was acquired.

5.3 It is hereby understood that Article 5 shall not obligate the Board of Selectmen to allow the former owner(s) to repurchase and no action of the Board under this Article shall be deemed to set precedent with respect to any other past, present or future foreclosure and property disposition by the Town of Harpswell.

Article 6. Property to be Retained

6.1 If the Selectmen deem it to be in the Town's best interest, they may retain the acquired property without offering the opportunity for redemption. By way of example, but not limitation, the Selectmen may deem it to be in the Town's best interest to retain the property without offering the prior owner the opportunity to redeem the property where:

6.1.1 the property has or will have recreational value or economic value to the Town.

6.1.2 the property has or will have potential for a public facility or additions to public facilities.

If the Selectmen deem it to be in the Town's best interest to offer the prior owner the opportunity to redeem the property, that party has until the final redemption date under the conditions specified in Article 5 to redeem the property.

- 6.2 If the property is retained for public use, the Selectmen may pursue an action for equitable relief as a means of securing clear title to the property.
- 6.3 The Selectmen shall cause the tax-acquired property retained for public use to be managed and insured as it would any other municipal property.

Article 7. Property to be Sold

- 7.1 The Selectmen shall cause to be published a notice of the sale of the tax acquired property in a local newspaper. Said notice shall be published at least three (3) times with the last publication at least fourteen (14) days prior to the sale. The notice shall also be posted within the Assessing and Tax Collection Departments and in at least one other conspicuous place within the Municipal Building. The notice shall specify the time and date bids are due and the general terms of the bid. It shall also contain the following information for each piece of property:

- 7.1.1 Brief description of the property, i.e. land, building, mobile home, etc.
- 7.1.2 Location of the property.
- 7.1.3 Brief description of the conditions of the sale.
- 7.1.4 The minimum bid.

The Selectmen shall also notify the party from whom the property was acquired of the sale and the bid requirements.

- 7.2 Unless the Selectmen stipulate otherwise, the minimum bid for any tax acquired property shall be the total of all outstanding taxes, including estimated taxes for the current tax year if the conveyance is after April 1 and the exact amount of tax has not been determined, interest, lien costs and any other costs relating to the property including, but not limited to insurance, notice and advertising costs. Town of Harpswell Select Board

Policy Regarding Placement of Items on a Secret Ballot

Purpose.

1.1 Preservation of the Town Meeting. To insure the maximum in-person participation of Harpswell voters at the annual town meeting, an important aspect of the town's historical tradition.

1.2 Allow Maximum Voter Participation. To present opportunities for all voters to cast their ballots for certain items that are appropriate for placement on a secret ballot, including items that should be decided before the next annual town meeting.

Context.

The town meeting form of government allows voters to debate and decide policies that will guide the community for the following year. However, certain factors inhibit participation by some voters: confinement to home, temporary absence from town, employment obligations, child care responsibilities, and sometimes the length of the meetings – a special hardship on older and infirm voters. The Select Board wishes to encourage in-person participation at the annual town meeting by insuring that its length does not discourage that participation. It also wishes to provide voting opportunities for those who cannot attend the annual town meeting.

Limitations

Nothing in this policy restricts the Select Board, in its discretion, from making any decision regarding the placement, or non-placement, of any item on a secret ballot. This policy is intended as guidance to the Select Board as it makes those decisions. It does not apply to decisions that the Select Board has the authority to make on its own.

Public Information and Debate

Should the Select Board decide to place an item on a secret ballot, it will notify the voters, maximize the opportunity for discussion and dissemination of information, and shall hold a public hearing, in accordance with State law, at which 1) the item will be explained by the Board and the committee recommending the item, and 2) voters will have the opportunity to express support or opposition to the item. The hearing should be recorded and broadcast on Harpswell Community Television to further inform the voters. Sufficient advance public notice should be given, if possible, to allow voter comment about the item in local newspapers.

Considerations.

The following considerations should guide the Select Board in the placement of items on a secret ballot. An affirmative answer supports the use of a secret ballot. While a particular item may not involve each consideration, the overall findings should provide the basis for a Board decision.

Has the item, or a substantially similar item, been thoroughly debated at the annual town meeting within the past three years?

Has the item been approved or defeated by a substantial margin in the most recent annual town meeting?

Does the item involve the expenditure of a substantial amount of Town funds?

Does the item involve a significant change to an existing policy or a new policy that will affect the future of the Town?

Does the item involve substantive changes in Town government?

Does the item involve substantive changes affecting the Town's natural resources, such as ground water or waterfront development?

Does the item involve bonding obligations?

For items involving the budget: Can budget limitations be appropriately dealt with at Town Meeting if the vote on the item is not determined until after the close of floor actions at Town Meeting?

If, in the best interests of the Town, the item requires a decision before the next Annual Town Meeting, the considerations listed above should be part of the consideration as to whether, at a special Town Meeting, to hold a referendum or act on the floor.

Adopted by the Select Board on November 19, 2009

SPONSORSHIP POLICY

Periodically, the Town is asked to sponsor an event. In deciding whether the Town should be a sponsor, the Board of Selectmen shall consider the following:

Question 1. Is the event occurring on Town or public property?

Question 2. Is the event under the control, in whole or part, of the Town? Does the Town have a role in organizing, directing or coordinating the event?

Question 3. Is the event consistent with identified goals of (1) the Board of Selectmen, (2) any advisory committee or (3) the Town's Comprehensive Plan as determined by the Board of Selectmen?

Question 4. Is there any fundraising activity associated with the event? If so, is it for a non-profit purpose consistent with Question 3?

Question 5. Is there any high-risk activity occurring at the event for which the Town's insurance carrier has advised that the Town should prohibit?

The Town shall be considered a sponsor of an event only upon majority vote of the Board of Selectmen at a publicly held meeting.

Adopted by the Board of Selectmen April 22, 2010

POLICY TO ACCEPT ADVANCE PAYMENT OF SHELLFISH LICENSE FEES

The Town shall accept advance payment in installments of not less than \$10.00 for shellfish license fees as a convenience to its current license holders. The Town's acceptance of advance payment does not eliminate the shellfish license holder's obligation to pay any fee increase subsequently adopted. In the event of a license fee increase, the shellfish license holder is responsible for payment of the full license fee, including the increase, by the due date as established by ordinance. Pre-payment of the license fee in part or in whole does not automatically secure a renewal shellfish license. Any license holder who has pre-paid and is later deemed ineligible for a renewal shellfish license shall be reimbursed in full the amount of prepayment.

Adopted by the Board of Selectmen May 6, 2010

Policy Regarding Political Signs on Town-owned property
